NR72 REACH-IN REFRIGERATOR, 3 SOLID DOORS

FEATURES AND BENEFITS

201 Stainless Steel Interior (Floor, Walls, Ceiling): Provides durable corrosion resistance, strong resistance to dents and deformation, and smooth surfaces that are easier to clean in daily commercial use.

Ventilated Cooling System: Circulates cold air throughout the cabinet to support more even temperature distribution.

Solid Door with Self-Closing Hinges: Helps reduce unnecessary temperature loss by encouraging the door to return closed after use.

Heavy-Duty Adjustable Shelves: White coated wire shelves support up to 50 kg (110 lb) each for flexible storage of heavy commercial product loads.

Digital Temperature Control & Display: Enables accurate temperature monitoring, easy adjustments, and includes high-temperature and door-open alarms for added protection and operational awareness.

Full-Perimeter Magnetic Door Gaskets: Creates a tight seal to lock in cold air and maintain optimal internal temperature.

Efficient LED Interior Lighting: Delivers bright, low-heat illumination for quick and easy product identification.

R290 Refrigerant: Uses environmentally friendlier hydrocarbon refrigerant with low environmental impact.
